## Traditional Troy folklore ...aka **TROYLORE!**

***Are YOU a “suburban storyteller”?***

***If YES, please read on!***

This notice is a call for *Troy folklore (Troystore) items!* Troystore is an ambitious project to collect colorful yarns, artifacts and bits of culture shared by current and former residents. Items of interest are: **personal narratives, local beliefs and superstitions, school customs/pranks/myths and unwritten rules and rituals, suburban legends, and ghost stories and cemetery tales, etc.** Anything you think would make an excellent contribution to a *Troystore folk archive* will be considered. These can also include **rhymes, riddles, landmarks and local sports culture.** Just think of all those little “Troystisms” you thought you’d forgotten!
